1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Halper on April 14, 2005.

The application has been amended as follows:

In claim 1, line 13 "jets deflecting" has been clearly indicated as --jets deflecting--.

In claim 2, line 1 the status identifier "(previously presented)" has been changed to --(original)--.

In claim 3, line 1 the status identifier "(previously presented)" has been changed to --(original)--.

In claim 4, line 2 "hexagon like" has been changed to --hexagonal--.

In claim 5, line 2 "shield" has been changed to --shield--.

In claim 6, line 2 "clips" has been changed to --clips--.

In claim 7, line 1 the status identifier "[previously presented]." has been changed to --(original)-- and line 2 "." has been changed to --.--.

2. Per the interview of April 14, 2005 the above changes to the claims were agreed upon to provide proper status identifiers, periods at the end of claims 5-7 and to eliminate the term "like" in claim 4.

3. The following is an examiner's statement of reasons for allowance: the prior art references of record fail to teach the header attached to the gasket with the spaced atomizers projecting therefrom.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The information disclosure statement filed February 25, 2005 fails to comply with 37 CFR 1.97(c) because it lacks the fee set forth in 37 CFR 1.17(p). It has been placed in the application file, but the information referred to therein has not been considered.
